

MSK Direct

Access the Best Cancer Care, Wherever You Are

“Thanks again to the MSK team! You educated me about my condition and gave me the ability to work better with my local oncologist.”

— A virtual services cancer care patient

With MSK Direct, you and your family can access virtual services for cancer care from Memorial Sloan Kettering Cancer Center (MSK) through your health plan benefits. If you or a family member need an expert opinion or have questions about your cancer diagnosis, treatment, cancer screening guidelines, or how to reduce your risk, MSK cancer specialists will work with you and your local doctor to guide you at any stage in your cancer journey. Our goal is to help you and your family achieve the best results possible.

MSK Direct provides virtual cancer services for Brown & Brown Inc. teammates throughout the United States:

- Review diagnostic tests including your original pathology and radiology results by MSK doctors who specialize in the type of cancer you have.
- Provide you and your local doctor with a customized written care plan to accurately diagnose your cancer and a comprehensive treatment plan to guide your care. *
- Find the best local hospitals in your health plan using **MSK's National Cancer Care Recommender** database, so you can be treated close to home.
- Match you with an oncology certified nurse who will answer questions and provide navigational support throughout your cancer treatment journey.

* Available in most states.

How it works*:

- 1. Contact MSK Direct:** Call your dedicated MSK Direct phone number to get started: **833-516-1113**.
- 2. Medical records review:** The MSK Direct team will help gather and summarize your relevant medical records from your local care team.
- 3. Written care plan:** MSK's doctors give you and your local care team a comprehensive care plan, including a diagnosis and treatment options.
- 4. Ongoing guidance and expert care:** MSK doctors and your local care team will connect at key decision points during your care. The MSK Direct team is available to discuss concerns and questions at any time.
