

Overview

The beneficiary designation process is for US participants only and can be completed on etrade.com. The beneficiary designation process is associated with the Transfer on Death designation that allows for US participants to transfer assets to their beneficiaries upon the account holder's death. For non-US participants, please refer to the estate laws for your country.

What is a beneficiary?

A beneficiary is a person or other legal entity who receives money or other benefits from a benefactor. With regards to your E*TRADE accounts, this is the person or legal entity to whom your E*TRADE assets will be transferred upon your passing, pending any obligations or other legal factors that would restrict the transfer.

Why should I designate a beneficiary?

The transfer on death registration can make your estate administration quicker and less expensive. Upon your death, the beneficiary (or beneficiaries) you designate would work with E*TRADE personnel to have the assets transferred to them.

Can I designate a beneficiary for my stock plan account(s) and any other brokerage accounts?

Yes. You can designate a beneficiary (or beneficiaries) for your stock plan and any other brokerage account(s) but it needs to be done separately for each account¹. Designating a beneficiary for one account does NOT automatically apply that designation to your other account(s).

Can I add a beneficiary to a joint account through the online process?

No, a beneficiary (or beneficiaries) can only be added to an **individual account** through the online process. If you would like to add a beneficiary to a joint account (which can only be done for Joint Tenants with Rights of Survivorship accounts), please use the [TOD Registration Request](#) Form and note that signatures from both account owners are necessary to complete the process. If you have any questions, call customer service at 800-838-0908.

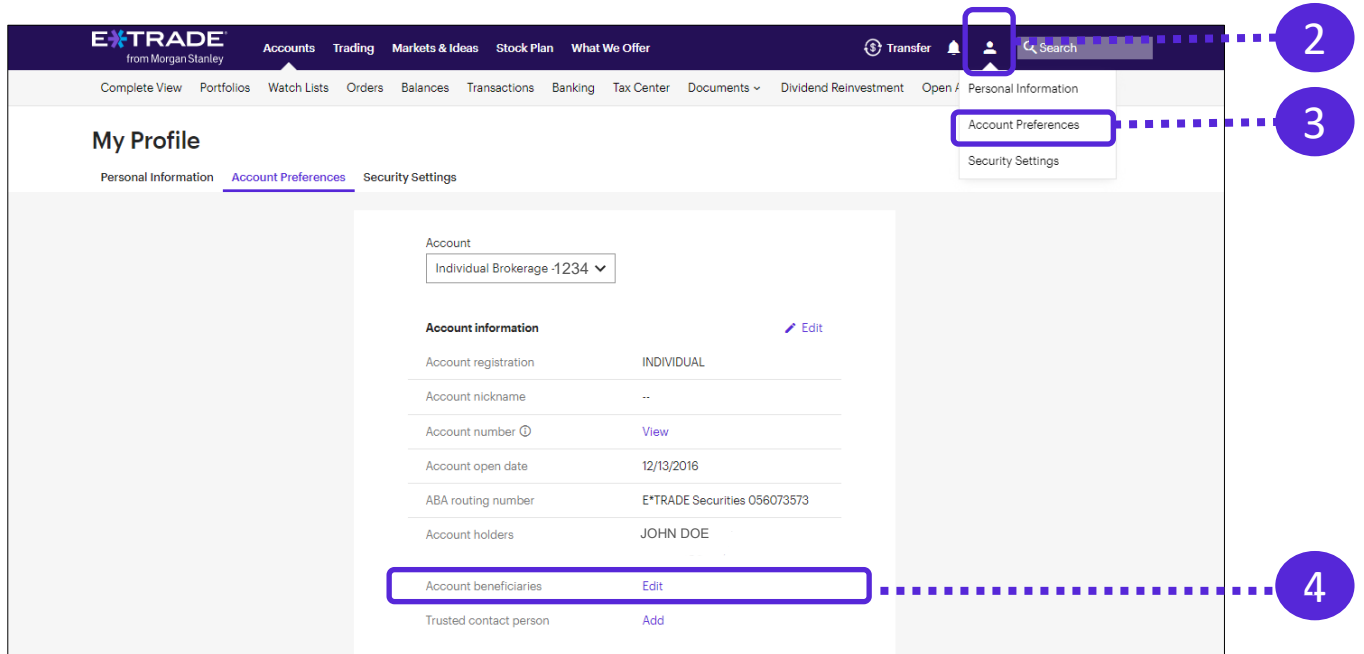

1. Stock plan accounts and their "Companion" retail brokerage accounts are viewed as one account and therefore a beneficiary (or beneficiaries) can be assigned to both at the same time.

Transfer on Death Registration Terms

At your request, E*TRADE Securities LLC ("E*TRADE") will apply a transfer on death ("TOD") registration to your E*TRADE account (the "Account") in accordance with the terms of this agreement and the E*TRADE Customer Agreement. Consequently, upon your death, as the account holder ("Account Holder"), or in the case of joint tenancy Account Holders, upon the death of the survivor, ownership of the assets in the Account will vest in the beneficiaries you have designated, in the proportion(s) you have indicated. E*TRADE does not provide tax or legal advice and, therefore, encourages you to consult with an attorney and/or review the relevant laws of your state concerning the impact of this registration on your estate and the distribution of your property after death.

You may remove or change any part of this designation at any time prior to your death (or the death of the surviving joint Account Holder) by completing and submitting a new form. E*TRADE will, however, only process a TOD removal or change that is received from you by E*TRADE in good order prior to your death. In the event you open a new account that is eligible for a TOD registration, you will be required to execute a new TOD Registration for that account. Additionally, in the case of some joint
