## Control & Manage

### Credit Report Lock

Lock or unlock access to your Multi-Bureau credit reports (Equifax® and TransUnion®) through your ID Watchdog account, with certain exceptions.<sup>1</sup> Locking your credit report(s) is an effective way to provide additional protection against unauthorized access and to help keep identity thieves from opening new accounts in your name.

### Blocked Inquiry Alerts

Notifies you in near real-time when a business or lender tries to access your Equifax credit report while it's locked or frozen.

### Child Credit Lock

Activate a Child Credit Lock for your minor child to help better protect against credit fraud in their name by creating an Equifax credit report for your child, then locking it to help prevent access to it by potential lenders and creditors.

Typically, a child should not have a credit report; if they do, it could be a sign of identity theft. Available with a family plan.

### Subprime Loan Block

Blocks new, unsecured subprime loan transactions, such as payday, high-cost installment, rent-to-own, and other loans outside of the traditional banking system but within our monitored lending network.<sup>2</sup> Notifies you in near real-time when a loan is blocked.

### Integrated Fraud Alerts

Through your dashboard, activate fraud alerts<sup>3</sup> on your credit reports across the three nationwide credit bureaus and provide your contact information. Fraud alerts encourage lenders to take extra steps to verify your identity before extending credit.

Link up and monitor your social media accounts as well as those of minor children included in your plan.

### Registered Sex Offender Reporting
