

LIMITED PURPOSE FLEXIBLE SPENDING ACCOUNT (LPFSA)

with carryover

An LPFSA empowers you to set aside pre-tax money from every paycheck to help pay for qualified dental and vision expenses. Unlike a traditional FSA, an LPFSA is available to those with a Health Savings Account (HSA).

PUT MORE MONEY IN YOUR POCKET

Each dollar you contribute to your LPFSA is tax-deductible.¹ That means you could potentially save as much as 30 percent or more on qualified medical expenses.² Don't think of it as money deducted from your paycheck—think of it as money added to your wallet.

PAY FOR VISION, DENTAL AND MORE

Even though it's called a Limited Purpose FSA, it still covers a pretty big list of qualified expenses. Use your LPFSA to buy mouth guards, Orthodontia RX sunglasses, and even Lasik surgery.³

KEEP YOUR MONEY INTO THE NEXT YEAR

Don't worry about spending all your FSA dollars by the end of the year. Your organization lets you carryover up to \$640 of unused funds into the next year.⁴ Stay flexible and contribute with confidence.

COMPLEMENT YOUR HSA

Because your HSA stays with you forever, it's nice if you can avoid spending your HSA dollars. That's where an LPFSA offers incredible flexibility. Use your LPFSA to pay for routine vision and dental expenses, then save your HSA for long-term healthcare expenses.

Know your options

- FSA elections can only be made during open enrollment (unless you have a qualifying life event)
- Choose the amount you want to contribute, then your employer will deduct that amount pre-tax in equal parts from each paycheck over 12 months
- Verify with your organization the exact amount you're able to carry over

MAYBE YOU'VE HAD AN LPFSA BEFORE, BUT YOU'VE NEVER HAD AN LPFSA LIKE THIS
